Forest Service

TITLE: Forest Products Removal Permits and Contracts

OMB CONTROL NUMBER: 0596-0085

SUMMARY OF COLLECTION: Individuals and businesses that wish to remove forest products from national forest lands must request a permit. 16 U.S.C. 551 requires the promulgation of regulations to regulate forest use and prevent destruction of the forests. Regulations at 36 CFR 223.1 and 223.2 govern the sale of forest products such as Christmas trees, pinecones, moss, and mushrooms. Regulations at 36 CFR 223.5 through 223.11 authorize the free use or sale of timber or forest products. Upon receiving a permit, the permittee must comply with the terms of the permit at 36 CFR 216.6 that designate the forest products that can be harvested and under what conditions, such as limiting harvest to a designated area or permitting harvest of only specifically designated material.

Both the Forest Service (FS) and Department of the Interior, Bureau of Land Management (BLM) will use the Forest Products Removal Permit and Cash Receipt to collect information.

With the renewal submission of this collection, the title will be changed from “Forest Products Free Use Permit, Removal Permit and Cash Receipt, and Sale Permit and Cash Receipt” to “Forest Products Removal Permits and Contracts.”

NEED AND USE OF THE INFORMATION: Using forms FS-2400-1/BLM-5450-24, FS-2400-4ANF and FS-2400-8, FS and BLM will collect the name, vehicle information, address and tax identification number from persons applying for permits. The information will be used to keep a record of persons buying forest products and to determine if the applicant meets the criteria under which free use or sale of forest products is authorized by the regulations and to ensure that

the permittee has not received product values in excess of the amount allowed by regulation in any one fiscal year and complies with the regulations and terms of the permit. This information is also needed to allow FS compliance personnel to identify permittees in the field. Without the forest product removal program, achieving multiple use management programs such as reducing fire hazard and improving forest health on the National Forest would be impaired.
